

SDA Quality System Certification

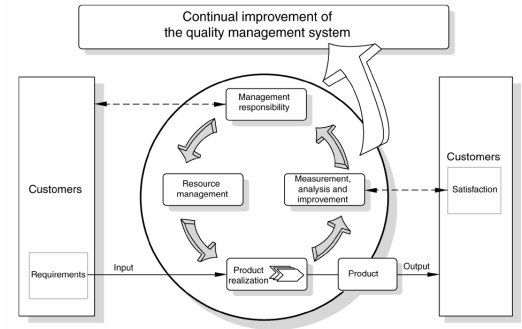

Here at SDA we offer a full range of Quality, Environment and Occupational Health & Safety System certification services, and delivering business-to-business systems for small and medium sized companies across the UK, Europe and the rest of the world.

Business Quality Systems

⇒ ISO9000

We offer pragmatic quality systems certification to ISO9000 Series of standards. Offering full implementation of a Quality System or certification of your existing system.

With sensible audit programmes to suit any size organisation.

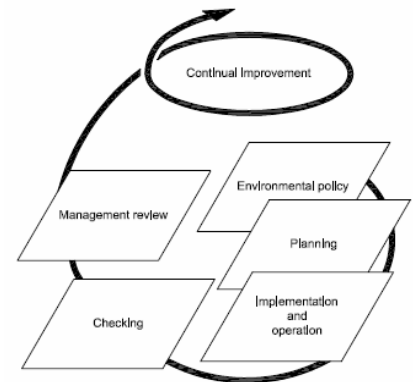

Environmental Management Systems.

⇒ ISO14001

We offer structured environmental management system certification to the ISO 14001 Standard, covering the Basics of an Environmental Management System including, Plan-Do-Check-Act methodologies along with

- ⇒ **Site Mapping**
- ⇒ **Controls & Influences**
- ⇒ **System Reviews**
- ⇒ **Best practice guidance**

With integrated audit programmes within your current ISO9000 system to suit any size organisation and help reduce the costs of certification.

Occupational Health & Safety Systems

⇒ OHSAS18001 & OHSAS18002

There are key steps that every organization implementing an Occupational Health and Safety Management System will need to consider:

- ⇒ **Review support literature**
- ⇒ **Consider Training**
- ⇒ **Review Consultancy Options**
- ⇒ **OHSAS 18001 Management System Design**

There is a wide range of publications, workshops, seminars and training courses available designed to help you understand an Occupational Health & Safety Management System.

Please contact us to see how we can assist you.
